

Optimising your Distribution Channels

Duration: 5 Days

Language: en

Course Code: PO1-120

Objective

Upon completion of this course, participants will be able to:

- Describe the dynamics of distribution channels and their marketing relationship.
- Evaluate which value-added partnerships enhance core marketing activities.
- Identify the most effective strategies to select and support distribution channels.
- Develop collaborative distribution channel methods to expand market coverage.
- Assess and measure the effectiveness of your distribution channels and delivery capabilities.

Audience

This course is intended for:

- Channel Managers.
- Sales and Marketing Executives and Staff.

Training Methodology

This course uses a variety of adult learning styles to aid full understanding and comprehension. Participants will review case studies to highlight key areas of importance and possible areas for faults. They will be supplied with the best tools required for learning exercises to improve their skills. Participants will analyse the examples to thoroughly understand how these skills, techniques and methods apply in the workplace.

Summary

Distribution channels are essential in efficiently maintaining sufficient stock and are one of the key components impacting your organisation's profitability. Your distribution channel strategies also impact customer satisfaction rates, affect risk distribution, and provide market information.

This course focuses on strategies to optimise your distribution channels by exploring marketing aspects and impacts, methods to support and manage effective distribution strategies, and financial aspects to examine. You will gain a comprehensive view of the world of distribution channels and develop new approaches to optimise your channels successfully.

Course Content & Outline
