

Event Organiser

Duration: 5 Days

Language: en

Course Code: IND15-111

Objective

Upon completion of this course, participants will be able to:

- Grasp the intricacies of the event planning journey, starting from the initial concept to the final execution.
- Formulate impactful event strategies, oversee stakeholders, and address potential risks.
- Implement project management principles that guarantee the seamless execution of events.
- Appreciate the significance of marketing and communication in the realm of event management.
- Explore the influence of evolving trends and technologies on the planning and execution of events.

Audience

This course is designed for anyone responsible for managing and delivering corporate events

on a large scale. It would be most beneficial for:

- Business Owners
- Event Managers
- Event Employees
- Health & Safety Personnel
- Risk Assessors
- Marketing Managers
- Administration Employees
- Customer Service Representatives
- Financial Officers
- Funding Managers

Training Methodology

This course uses a variety of adult learning styles to aid full understanding and comprehension. Participants will discover essential project management skills using tried-and-tested methodologies and techniques, including Gantt charts and RAG reporting, to ensure that a project stays on track until the very end.

Participants will participate in group discussions to uncover the most common pain points of event management and discover how to address budgeting and funding from various stakeholders. There will also be role-playing exercises to help you navigate the tough customer service and client-facing elements of the role.

Summary

In the fast-paced world of corporate events, effective time management is key to ensuring seamless execution. To be successful, it's important to learn valuable strategies for optimally allocating time, meeting deadlines, and efficiently navigating the various stages of corporate event planning.

In this course, you'll focus on developing your professional project management skills with tried and tested techniques that will empower you to approach corporate event planning with a structured and systematic methodology. From initial conception to post-event evaluations, we'll guide you through industry-proven project management techniques tailored specifically for corporate events.

You will gain practical insights, enhance your time management and organisational skills, and acquire the tools needed to navigate the complexities of corporate event planning, manage risks, and allocate budget effectively. This will help you achieve the best possible resolution and keep your guests and clients happy.
