

Change Management Strategies

Duration: 5 Days

Language: en

Course Code: MG2-142

Objective

Upon completion of this course, participants will be able to:

- Comprehend pivotal factors influencing change, both internal and external.
- Initiate changes effectively.
- Facilitate seamless integration of changes within their teams.
- Grasp fundamental motivation principles and practical strategies for efficacy.
- Formulate effective and proficient teams.
- Evaluate their Emotional Intelligence (E.I) Profile and its impact.
- Apply the 5 core competencies of E.I effectively.
- Employ persuasive techniques for effective reprogramming and persuasion.
- Identify requisite personal and organisational changes.
- Cultivate a proactive leadership approach.

Audience

This course is ideal for:

- Senior executives leading strategic change initiatives.
- Project managers and team leaders.
- Department heads and supervisors aiming to build adaptable, high-performing teams.
- HR professionals and organizational development specialists designing and supporting change processes.
- Consultants and business analysts seeking to deepen their change management expertise.
- Suitable for professionals across public and private sectors involved in managing organizational change.

Training Methodology

This course employs a diverse array of adult learning techniques to ensure comprehensive understanding and full engagement. Participants will be immersed in real-world scenarios requiring sophisticated change management strategies and will engage in collaborative group exercises and hands-on activities to devise practical solutions.

Role-playing exercises will encourage participants to apply their learning by developing change management plans and seeking constructive feedback on their strategies' effectiveness, adaptability, and impact.

Summary

This comprehensive training course is designed to empower current and aspiring leaders with advanced change management capabilities. Participants will gain in-depth knowledge of the tools, techniques, and strategic thinking required to lead successful organizational transformations. At its core, the course emphasizes the importance of collaborative ideation and adaptive leadership to navigate the complexities of change.

Through a blend of interactive workshops, real-world case studies, and hands-on planning exercises, participants will learn how to craft realistic, actionable, and sustainable change strategies. The course also explores key areas such as stakeholder engagement, emotional intelligence in leadership, managing resistance to change, and aligning change initiatives with organizational goals.

Whether you are guiding a team through internal restructuring or leading enterprise-wide innovation, this program will help you confidently design and execute change plans that drive measurable results and foster a culture of continuous improvement.
